The Honorable Mike Johnson
Speaker of the House
U.S. House of Representatives
Washington, DC 20515

The Honorable Hakeem Jeffries
Democratic Leader
U.S. House of Representatives
Washington, DC 20515

The Honorable French Hill
Chairman
House Committee on Financial Services
U.S. House of Representatives
Washington, DC 20515

The Honorable Maxine Waters
Ranking Member
House Committee on Financial Services
U.S. House of Representatives
Washington, DC 20515

Dear Speaker Johnson, Leader Jeffries, Chairman Hill, Ranking Member Waters:

America's housing crisis demands action, and the amended language introduced for the 21st Century ROAD to Housing Act is a strong step forward. We write today to express our support for this legislation and to urge the House of Representatives to pass it without delay.

As you know, building more homes is the best way to lower housing costs for American families. The House bill reflects that reality. It preserves pro-supply provisions while making critical corrections to ensure that the 21st Century ROAD to Housing Act truly meets its promise as a housing supply bill.

Chief among those changes is the removal of the requirement for build-to-rent developers to sell newly constructed family-sized rental communities, commonly referred to as build-to-rent, within seven to ten years. Such a mandate would undermine the investment that makes this important source of housing supply possible. As the Wall Street Journal recently [reported](#), this provision has already had serious consequences for American families who need more options, not fewer. The House bill fixes this provision while including language supporting President Trump's Executive Order of January 20, 2026 regarding the role of institutional investment in the single family housing market.

Countless voices from across the housing advocacy and industry community weighed in and the House has been responsive to this thoughtful feedback. While there's more to do to solve America's housing affordability crisis, we all agree that this proposal would be a historic step to increase housing supply, improve affordability, and broaden housing choice in communities across the country. We thank Chairman French Hill and Ranking Member Maxine Waters for their leadership, and we appreciate the work of House leaders and members of both chambers in advancing a serious bipartisan housing supply package. We urge the House to pass this

legislation and call on both chambers to work quickly toward a final package that maximizes housing supply.

Sincerely,
